upon the matter, says:

A Street Car Transfer Poser, To the Editor of The Evening Star: Believing you to be a dispenser of in-

formation and a defender of the rights of citizens. I wish to know by what right a man is obliged to pay two fares from 22d and G streets northwest to 9th and Florida avenue. He who boards the herdic at first-named point and rides to 15th street gets a double transfer and boards an east car, riding to 9th northwest, gives onehalf of his transfer on this line, and they refuse to let him ride north on the other half of transfer, but will let him ride south. To go north one must pay another fare. Two fares are charged from Ten-leytown to head of 9th street. In transferring from Tenleytown to O street at 32d you exhaust your transfer and they will not give you a transfer to 9th street, saying they cannot give a transfer on a transfer. Now, as a matter of fact, coming in on Brightwood line a transfer is given to 9th street and a transfer is
